

• VSI 1200 AC

## SLIDING GATE MOTOR (VSI SERIES)

|                       |                            |
|-----------------------|----------------------------|
| Item No.              | VSI 1200 AC                |
| Power Supply          | AC220V/AC110V              |
| Torque                | 35N.M                      |
| Motor Power           | 550W                       |
| Gate Speed            | 12m/min                    |
| Max. Gate Weight      | 1200Kg                     |
| Noise                 | ≤56dB                      |
| Limited Switch Option | Spring/Magnet Limit Switch |
| Working Temperature   | -45°C~+65°C                |
| IP Class              | IP44                       |
